---

## Historical Note

Founded in 1910 as the United State's tenth national Park, Glacier National Park is located in northwest Montana. It is well-known for its great natural beauty, particularly glaciers, lakes, mountains, wildlife, and scenic vistas.

## Content Description

The collection contains a selection of materials produced by and about Glacier National Park. Most the materials relate to the early history of the Park and to attempts to record that history. There are also

materials that relate to land holdings, permits, employees, mining claims, predatory animals (including coyotes and wolves) and other wildlife.

## Use of the Collection

### Restrictions on Use

Researchers are responsible for using in accordance with 17 U.S.C. and any other applicable statutes. Copyright not transferred to the University of Montana.

### Preferred Citation

[Name of document or photograph number], Glacier National Park Collection , Archives and Special Collections, Maureen and Mike Mansfield Library, The University of Montana-Missoula.

## Administrative Information

### Arrangement

Materials do not appear to have been arranged in a particular order.

### Location of Originals

Originals located in the Glacier National Park Archives.

### Acquisition Information

Loaned to the K. Ross Toole Archives for microfilming in 1968.

### Processing Note

The original processor arranged, microfilmed, and produced a finding aid for the materials. In 2004, the finding aid was minimally revised and encoded.
