Content Description

This collection consists of 81 black-and-white prints which document part of the huge task of an archaeological survey of Glen Canyon prior to its flooding in 1963. This survey was headed by Jesse Jennings of the University of Utah Anthropology Department, whose forward to the first report follows this page. The collection includes photographs of excavations, artifacts, cliff dwellings and some of the surveyors. The collection was kept in the original order in which it appeared in a photo album.
