## Historical Note

Francis Keally was architect of the Oregon State capitol building, and was consulted about alterations to it. At the time of the construction of the state capitol, he was an Associate Architect with the Offices of Trowbridge and Livingston, Architects, New York, New York.

## Content Description

The collection includes architectural drawings, correspondence, building specifications, photographs, publications, and miscellaneous material relating to the design and construction of the Oregon State capitol in Salem, Oregon.

## Use of the Collection

### Restrictions on Use

Property rights reside with Special Collections & University Archives. Copyright resides with the creators of the documents or their heirs. All requests for permission to publish collection materials must be submitted to Special Collections & University Archives. The reader must also obtain permission of the copyright holder.

Archival may contain materials with sensitive or confidential information that is protected under federal and/or state right to privacy laws and other regulations.

Researchers are advised that the disclosure of certain information pertaining to identifiable living individuals represented in this collection without the consent of those individuals may have legal ramifications (e.g. a cause of action for invasion of privacy may arise if facts concerning an individual's private life are published that would be deemed highly offensive to a reasonable person) for which the University of Oregon assumes no responsibility.

If a researcher finds sensitive personal information in a collection, please bring it to the attention of the reading room staff.
