Historical Note

The Department of Community Development administered the City's comprehensive plan and provided direction and support for the City's physical and economic development through community planning. DCD was established in 1969 and assumed the responsibilities of the City Planning Commission and the Urban Renewal Program. In 1972, the Office of Economic Development was created in the Department to provide information to businesses that were expanding or relocating in Seattle. DCD was the lead agency for implementing various types of grant funded projects, such as Neighborhood Improvement Program, Targeted Neighborhood Assistance Program, and Neighborhood Development Program. DCD was abolished in 1992 and its programs were relocated in the Department of Neighborhoods, Department of Housing and Human Services, Planning Department, and other agencies. DCD records include material from the City Planning Commission, Zoning Commission, Metropolitan Arts Commission, Board of Adjustment, and Urban Renewal Program.

Content Description

Records of a program which provided funding and technical assistance to community groups for projects to assist low-income residents in lowering the cost of food, energy, housing and health care. Funding was received from block grants. Projects included a Seattle Tilth Urban Agriculture project, a Central Area Motivation Program Self-Help Assistance Program, solar energy projects and composting instruction programs. Records include proposals, project files and reports.
