Historical Note

The Department of Neighborhoods was created in 1991 by consolidating staff from the Executive Department's Citizens Service Bureau and Office of Neighborhoods, the Community Service Centers of the Department of Human Resources, and the Neighborhood Assistance Division of the Department of Community Development. The Office of Urban Conservation, the City's historic preservation agency, was added in 1992. The following year, the department added a community development function by taking over projects in the Central Area, Southeast Seattle, and the Port of Seattle. In 1999, the Neighborhood Planning Office was abolished and its continuing functions were assumed by the Department of Neighborhoods. The Department's mission is to bring local government closer to the citizens by maintaining a responsive presence in Seattle neighborhoods, by responding to citizen concerns and complaints, and providing a communications link for neighborhoods on City issues that will have an impact on them. The department operates the Neighborhood Service Centers (Little City

Halls), administers the Neighborhood Matching Grant Program, staffs the Landmarks Preservation Board, and manages the P-Patch program.

Content Description

The National Historic Preservation Act (NHPA) of 1966 created the current National Register of Historic Places program and included provisions known as Section 106 Review to ensure that listed historic properties are considered during federal project planning and execution. Contents include photographs of historic landmark designation districts resulting from work with the NHPA. Districts include Columbia City, Rainier Valley, International District, and Mt. Baker. Images are available online. Search "5754-10" in the [Photograph Index](#)
