Content Description

The collection includes technical and scientific reports, bulletins and yearbooks on various topics and issues related to North Pacific fish populations. The reports were published by the International Pacific Halibut Commission, the International North Pacific Fisheries Commission, the International Pacific Salmon Fisheries Commission, and the Washington State Department of Fisheries.

Use of the Collection

Preferred Citation

Fisheries Reports, Center for Pacific Northwest Studies, Heritage Resources, Western Washington University, Bellingham WA 98225-9123.

Administrative Information

Arrangement

The Fisheries reports are organized in accordance with the following series arrangement:

- Series I. Reports of the International Pacific Halibut Commission 1930-1977
- General Reports 1930-1977
Technical Reports 1969-1977  
Annual Reports 1969-1976  
Bulletins 1955-1976  
Annual Reports 1955-1974  
Series III. International Pacific Salmon Fisheries Commission 1937-1977  
Bulletins 1945-1972  
Annual Reports 1937-1976  
Progress Reports 1949-1977  
Series IV. Washington Department of Fisheries 1936-1991  
Annual Reports 1961-1970  
Other Washington State Fisheries Materials 1936-1980  
Series V. Other Reports 1938-1959

**Acquisition Information**

Acquisition information is unknown.

---

**Detailed Description of the Collection**

The following section contains a detailed listing of the materials in the collection.

**Series I.: Reports of the International Pacific Halibut Commission, 1930-1977**
