Historical Note

The Fleets and Facilities Department (FFD) manages and maintains municipal real property and facilities, as well as overseeing the City's vehicle fleet. FFD was created in 2001 in a reorganization of the Executive Services Department, which was itself created from a merger between the Finance Department, the Personnel Department, and the Department of Administrative Services (DAS) in 1997. DAS was created in 1980 with the merger of certain functions of the General Services Department, Building Department, Division of Motor Transportation, and Office of Management and Budget.
